

Fast Trains from Airports

Submitted By: geecee

Difficulty: easy

Express trains, providing the fastest means of travel, operate between three of London's international airports and three central London train stations.

All trains depart the airports at 15 minute intervals, with journey times of 15 minutes, 30 minutes and 47 minutes. From this information and the following clues, for each train, can you determine the central London train station to which it travels, the journey time and the estimated comparison time by taxi?

	London Paddington	London Liverpool Street	London Victoria	15 minutes	30 minutes	47 minutes	1 hour 15 minutes	1 hour 30 minutes	2 hours
Gatwick Express									
Heathrow Express									
Stanstead Express									
1 hour 15 minutes									
1 hour 30 minutes									
2 hours									
15 minutes									
30 minutes									
47 minutes									

Clues

1. The shortest journey time is by the Heathrow Express but not to London Liverpool Street train station.
2. The journey to London Victoria train station takes the second shortest time but the longest estimated comparison taxi time.
3. 1 hour 30 minutes is the estimated comparison taxi time for the Stanstead Express.
4. Neither the Heathrow Express nor the Stanstead Express travels to London Victoria train station.
